

## HIGH SCHOOL DAY PROGRAM SENT OUT

Fourteenth Annual Inter-scholastic Meet to Be Held Here May 5.

TO AWARD 10 CUPS

Committee to Give 4 Medals in Each Event—Pins for All Entries.

The program for the University of Missouri High School Day, May 5, was announced today in a letter sent by Director of Athletics C. L. Brewer to the various high schools over the state. This will be the fourteenth annual interscholastic field and track meet held at the University.

The High School Day Committee is composed of Prof. J. D. Elliff, chairman, H. F. Schulte and Prof. C. H. Williams. The events for the three classes of schools are: 100-yard dash, 220-yard dash, 440-yard dash, half-mile run, running high jump, running broad jump, 120-yard high hurdles, 220-yard low hurdles, half-mile relay, 12-pound shot-put and pole vault. Special events in the discus throw and the quarter-mile relay are scheduled.

**Ten Silver Cups to Be Awarded.** Gold, silver and bronze trophies will be given in each group—a gold medal for first place, a silver medal for second, a bronze for third, and a bronze for fourth in each event. A silver cup will be given the winning relay team in each group. Six cups will be given, one for first place and one for second place in each group, as team trophies.

In addition to the regular events, two special events will be offered, open to anyone in the three classes. Three special cups will be given in the 440-yard relay event.

The committee has arranged the schedule so that no race will be longer than a half-mile run for any individual, as there is a feeling that a longer race would be detrimental to high school boys unless they have been carefully trained.

### Band Concert Saturday Night.

A band concert will be given Saturday night in the University Auditorium to be followed by the finals in the annual contest of the Debating League. This will bring together those who have qualified in the elimination preliminaries of the several districts.

The committee guarantees all expenses for the promotion and handling of the meet, and for the trophies. Rooming accommodations and necessary meals will be furnished one faculty representative from each school and to all who compete.

In addition to the trophies awarded each entry will receive a souvenir pin. Every entry, coach and teacher will be entitled to free admission to the Ames-Missouri track meet in the morning. In order to restrict the entry list to authorized contestants a small entry fee will be charged. The fee will be refunded to those who do not compete.

The following is a complete program for the day:

- May 4.—Friday afternoon and evening. Farmers' Fair. This is the big annual "stunt" of the Agricultural College students.
- May 5, Saturday.
- 8:30 A. M. University Auditorium. Annual Conference of Teachers in the accredited schools and in the University under the direction of President A. Ross Hill. Subject: "Vocational Education in the High Schools under the Smith-Hughes Act."
- 10:30 A. M. Track Meet. Ames vs. Missouri.
- 2:30 P. M. Fourteenth Annual Inter-scholastic Field and Track Meet. The schools will compete in three groups:
- I. Public high schools with an enrollment of less than 350.
  - II. Public high schools with an enrollment of 350 or more.
  - III. Military academies, private schools and academies, preparatory departments of colleges and any other secondary schools.

### PROPERTY VALUES INCREASE

Missouri's Assessments \$50,490,258 Greater Than Last Year.

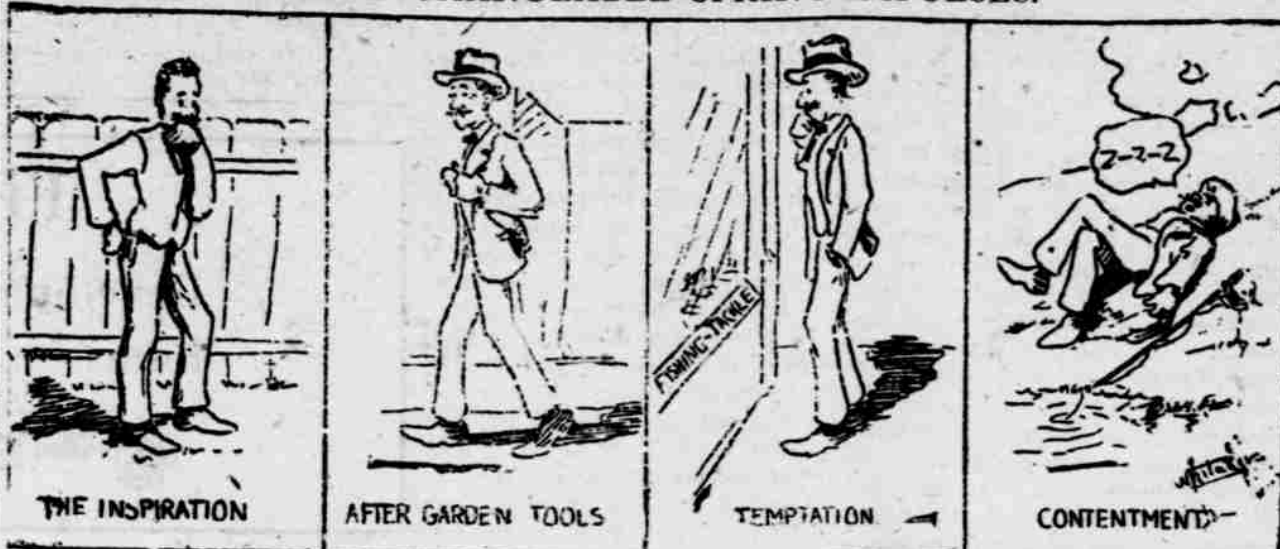

By United Press  
JEFFERSON CITY, March 31.—The State Board of Equalization today fixed the total value of real estate and personal property in Missouri at \$1,756,433,871 for this year's taxes. This is an increase over last year of \$50,490,258.

The increase in land over last year's figures is \$16,027,276. The personal property increase for that portion covered by the regular assessor's reports is \$3,634,145. The final value fixed by the board is \$19,122,195 below the value returned by the assessors of the various counties.

### Christian Endeavor Gives Banquet.

Forty members of the Endeavor Society of the Christian Church attended the annual banquet Friday night in the church basement. Talks were made by Morris Dry, Mrs. H. T. Newlon, Roscoe Harper, Earl Gordon, the Rev. M. A. Hart and Slade Kendrick, who was recently re-elected president. Claud Stuckey sang a solo.

## THOSE CHANGEABLE SPRING IMPULSES.

### GARDENERS ARE LEASING LOTS

Westmount Residents Prepare to Raise Own Vegetables for Summer.

Some residents of Westmount, not content with converting their own back lots into gardens, have leased neighboring plots for garden purposes. Dean Walter Williams, besides having beds of flowers, strawberries and spinach set out, has leased a neighboring plot for his early potatoes. Mr. Williams is also having a mushroom bed laid out.

Prof. Max Meyer is preparing to keep out the neighbors' chickens by fencing his back yard. The posts have been set, but as yet the wire remains unrolled. O. M. Stewart of 211 Hicks avenue plans to have vegetables earlier than his neighbors. Mr. Stewart has an eight compartment hotbed, in which such vegetables as radishes, lettuce, tomatoes, beets, and spinach are thriving. His large beds of strawberry plants and onions are now waiting to be uncovered. One resident who believes in being prepared has placed a mole trap directly in front of his hotbed so as to keep the underground animals from destroying his vegetables.

The reason why more ground has not been broken for garden use is that the ground is still too wet for proper cultivation. Practically all the plots which are to be converted into gardens have been prepared by fertilizers. Great activity is being shown by the residents of Westwood and Westmount. Those who have not already put in gardens are plotting out the sections for vegetables.

### WOMEN ANSWER CALL OF U. S.

Hundreds Offer Services to the Navy Department.

By United Press  
NEW YORK, March 31.—The hand that rocks the cradle rules a good share of the world of American preparedness. Nationwide reports to the United Press today showed the women of the country offering to serve as sign painters, factory inspectors, naval stenographers, nurses, drug clerks, cooks, laundresses and anything else they might be needed for.

Hundreds of patriotic women have answered the navy's call to colors and other hundreds have answered in other branches without being called.

In New York there was a big rush of women of all ages to help Uncle Sam get ready to fight. Of these three stood out for unique methods. Viola McGucken, 20, got permission from the Navy to recruit men

and opened her own station in a branch post office. She sent nine recruits of whom five were accepted by the navy department.

Under sanction of Secretary Daniels, Mrs. Margaret M. Crumpacker, widow of the late Judge Crumpacker of Indiana and Mrs. Charles Bedell, made an automobile tour along Broadway telling crowds of men their duty. Although no women have offered to enlist in the Navy at Cleveland, they have organized a complete Red Cross unit, ready to move the moment war is declared.

Plans for a big woman's preparedness camp at Chevy Chase were rapidly being completed by Miss Alice Carpenter, who is backed by Mayor Mitchell and who will go to Washington today to discuss New York woman's preparedness plans with government officials.

In Milwaukee forty-two women have applied for enlistment in the navy. Milwaukee women have organized a base hospital with fifty nurses and twenty-five aides, large enough to care for 500 patients. San Francisco naval recruiting officers report 150 women applicants for enlistment. A corps of home guards has been organized by the women of Portland, Ore. Twenty-five women and girls offered their services to the navy there.

St. Louis women have organized Red Cross units and already have started civilian girls' classes making bandages and kits and collecting Red Cross funds. One woman has enlisted in the navy at Kansas City and four other applications are being considered.

Chicago society women are organizing Red Cross classes and have instituted night classes which hundreds of women attend. Other hundreds have enrolled for active service in case of war. Thirty-five women have applied for naval enlistment. Red Cross units have been organized among high school students and Chicago universities. The Red Cross issued a call for ten thousand new members and the response was instantaneous.

### Second College Show Yesterday.

The Twelfth Night Club of Christian College gave the second performance of their vaudeville in the College Auditorium yesterday afternoon as a benefit for the Equal Suffrage Association. It was similar to the show given Thursday night with the exception of the omission of the style show, and the inclusion of sev-

eral scenes in the longer skits, cut out last time on account of the length of the performance.

### Expert Billiard Players to Be Here.

John Y. Layton of Sedalia, former world's champion pocket billiard player, and James Maturo of Kansas City, who was defeated recently by Taberski for the championship of the world, will be in Columbia tomorrow and will play two games of 150 balls at a local billiard parlor.

## Does Your Lawn Suit You?

It's a part of your home as much as your living-room and should be as well furnished—but does its appearance please you?

Perhaps some shrubbery tastefully arranged would do away with that "wrong" look that you have been trying to analyze.

Or some peonies and iris—wouldn't they add that finishing touch that you realize is lacking?

And then a shade tree or two to set the whole thing off—to give your lawn that well balanced, well planned look you are wishing it had.

**Now is the time to plant shrubbery, bulbs, and trees**

Our assortment is complete. Let us talk to you, and help you arrange your planting. Remember we set out hardy shrubbery and trees.
